THRONG INSPECTS HIGH SCHOOL Handsome New Structure Formally to the Public Thursday

There was a large attendance Thursday night at the formal opening of the new Windham High school of the new Windham High school building. Parents and friends and the public generally took advantage of the opportunity for public inspection of the splendid facilities offered in the building for instruction in its

raried liness.

The doors were thrown open at 7.30 which time the instructors were und in their respective departments, explain the methods pursued and pportunities offered for high school ducation. The high school orchestra rendered

a well chosen programme from 7.30 to 8.15 o'clock showing the effects of the capable coaching of C. C. Helmold, who has had charge of their Later in the evening those present aw a basketball game between two

teams chosen from the school, and relay races and other sports in the symnasium. An excellent programme was also furnished by the Girls' Glee club, under the efficient direction of Charles C. Caswell, musical director of the schools of the town of the schools of the town. George F. Taylor, chairman of the pullding committee, gave a short address on the history and growth of the school, and the course of events which ed up to the erection of the present handsome structure. Dr. F. E. Guild, chairman of the town school commit-tee, responded for the town. Follow-

ing the exercises dancing was enjoyed in the gymnasium.

The new Windham High school was built at a cost of \$125,000, to replace the structure destroyed by fire some two years ago. It is a handsome ap-pearing building, absolutely fireproof and equipped in the latest and mos up-to-date manner, a source of pride to the town of Windham and the

An Easy Way To End Catarrh Forever

Simple Home Treatment Destroys Germs of This Dangerous Disease.

The reason why so many people who suffer from Catarrh never seem able to get cured is that they are continually seeking the momentary relief of sprays suffer from Catarrh never seem able to get cured is that they are continually seeking the momentary relief of sprays, douching, 'greasy creams, ointments, etc. Such things do open up the swollen nostrils and clear the head temporarily, besides stopping for a while the disgusting blowing, hawking, spitting and choking, but they never cure. To drive out Catarrh for good you have got to get down to its real cause. Catarrh is a germ disease. The air is always full of catarrh germs thrown off by one person and absorbed by another and when the system does fall to throw off such germs they find permanent lodgement in the nose, throat and head and multiply rapidly.

The germs of catarrh can be best destroyed by inhaling the pure medicated air of Hyomel foronounced High-o-mel. This splendid and powerful combination of oil of Eucalyptus with other healing agents has a wonderful germicidal action. You breathe its air into your nose, throat and lungs by means of a small hard rubber inhaler which The Lee & Osgood Co. and other leading druggists here in Norwich and vicinity supply with every treatment. This medicated air is certain death to the germs of Catarrh, and drives them completely out of your system and when the germs are destroyed the catarrh with all its disagreeable symptoms will stop. Even two or three minutes' use will give refreshing relief, while, if you will use it two or three times a day for a few weeks, it will completely banish catarrh and every symptom of catarrh. As Hyomei is pleasant to breathe and is always sold by druggists everywhere with a positive guarantee of successful results or money back, surely no Catarrhal sufferer should go long before trying this simple home remedy.
